

## Graphene 2014 is raising great interest

### The Graphene Community meeting point in 2014

*Madrid (Spain): October 17, 2013*

The largest European event on Graphene (Graphene conference series), [Graphene 2014](#), is rapidly growing and raising great interest from the Graphene Community Worldwide.

Currently the event unveils **30 invited and keynote speakers** from top level institutions. The plenary session will gather internationally renowned speakers covering most fundamental issues in graphene and two-dimensional materials, as well as challenges in large scale synthesis and applications (Samsung, Nokia, Airbus...).

Extensive thematic workshops in parallel are planned (Applications of Graphene-based Materials, Materials & Devices Characterization, Theory & Simulation, Worldwide Graphene Initiatives, Funding and Priorities) and a strong focus in current and future applications of graphene with the **GRAPHENE FLAGSHIP industrial workshop "Composites"**.

The Graphene 2014 Conference will feature for the first time an exhibition of Worldwide Graphene Research Centers, apart from all the companies that usually attend and will certainly boost networking between research institutes, investors, engineers and industrials. Graphene research centers, investment companies, graphene producers, publishers are among the [20 exhibitors](#) that already confirmed attendance.

The abstract submission will open on the 4<sup>th</sup> week of October and will remain until February 03, 2014. Opportunities for PhD students will be available on dedicated sessions and grants will also be offered.

[Graphene 2014](#) will be held in Toulouse (France) between the 6 and the 9 of May 2014 at the Centre de Congrès Pierre Baudis.

#### **Organizers:**

Catalan Institute of Nanoscience and Nanotechnology (ICN2)  
Phantoms Foundation [www.phantomsnet.net](http://www.phantomsnet.net)  
Université Catholique de Louvain (UCL)

#### **Local Organizers:**

CEMES CNRS  
CIRIMAT/CNRS  
LAAS/CNRS  
LCC Ensiacet  
Université de Bordeaux  
Université de Montpellier 2
